

NIKKIHALEY

FOR PRESIDENT

Dear [FirstName],

We are writing to you today because we believe the Republican Party faces an inflection point. While the 2024 presidential contest has barely begun, we have decided not to wait. The best candidate for Jewish Republicans, the Republican Party, and America is already in the race. We are committed to backing former UN Ambassador Nikki Haley for president, and we encourage you to join us. **We have all contributed the maximum to her campaign and are asking for you to join us today by doing the same.**

No presidential candidate has been more committed to Israel's continued security and prosperity than Nikki. As the governor of South Carolina, she was the first governor in the country to sign anti-BDS legislation. From her very first day at the United Nations, she made it clear that the United States had Israel's back, declaring "a new day for Israel at the United Nations." From her gubernatorial days to today, Nikki's record is impressive.

- She took on her own State Department in defense of Israel—like cutting U.S. aid to the anti-Israel U.N. Relief and Works Agency (UNRWA) and pushing President Trump to move America's embassy from Tel Aviv to Jerusalem.
- When the feckless UN Human Rights Council resisted all efforts at reform, Nikki led the charge to withdraw the United States from the antisemitic entity.
- Called "the Iran whisperer," Nikki encouraged President Trump to decertify President Obama's Iran deal.
- She has been a voice of moral clarity in standing up to Russia, China, and North Korea.
- As governor, she was a job creator who turned her state into a manufacturing powerhouse.
- Nikki is a unique leader who embodies the best of the Republican Party.

It can be tempting to sit on the sidelines and wait for the field to develop. We refuse to do that because we believe the stakes are too great. It is not enough to nominate any Republican. We need a leader who can unite the party, win back suburban and independent voters, and restore American strength and pride. We urge you to take a chance *now* because we have a chance to do something great. Not only will Nikki change our party; she will change America and the world for the better.
